

April 2016

### RELOCATION OF WALL STREET STOP

New York City's Bus Stop Management will be relocating the Trans-Bridge Lines bus stop due to construction. The bus stop was located on Church Street between Warren St. and Chambers St. The current new location is on Church Street between Murray Street and Warren Street, one block south on the far corner of Murray Street. This will remain the current stop location until further notice.

### WAS YOUR FIRST LOVE THE SOUND OF A GUITAR?

Anyone who appreciates fine music and particularly the sound of a guitar knows the Martin Guitar Company. C. F. Martin & Co. has been creating the finest instruments in the world for over 183 years. Martin's expanded facility, world renowned museum, and Visitors Center is located right here in Nazareth, Pennsylvania. Martin Guitar players include music's greats such as Elvis Presley, Johnny Cash, Neil Young, Eric Clapton, Dierks Bentley, Jason Isbell, John Mayer, Ed Sheeran, The Avett Brothers, and many others.

Check out the Trans-Bridge Tour to the Country Music Hall of Fame, in Nashville, TN to see an incredible array of Martin Guitars. **Click here for more info**

### KEEP COOL

With summer approaching, please keep in mind our buses take time for the air conditioning system to begin discharging cool air from the vents. Unfortunately, it is normal for the buses to take one hour for the air to start circulating and cooling the bus due to the size of the coaches, as well as the number of passengers onboard. The temperature onboard the coaches will cool to approximately 20 degrees below the outdoor temperature. The higher the temperature, the longer it will take for the interior of the bus to cool down. We are not permitted to park the buses indoors, out of the sun. We are also not allowed to idle the buses, which would keep the air conditioning running, at the PABT. During their pre-trip safety inspections, our drivers check the air conditioning units of each bus to make certain that they are functioning properly. We are taking all precautions by inspecting our fleet with a ten point checklist to ensure all buses are ready for the summer heat.

### SAFETY DAY

Trans-Bridge Lines held our Company's 22nd Annual Safety Day Awards Ceremony on March 8, 2016. A number of drivers and shop personnel were recognized for safe driving and outstanding attendance, including two drivers who earned 40 year awards with the company and an outstanding forty-eight drivers received Safe Driving Awards for accident-free driving. The theme of this year's event was "Be the Bridge to Safety." The featured speakers at this year's event were Tamre Noblet and Matthew Daecher. Ms. Noblet is the Loss Prevention Specialist from New Jersey Manufacturers, which is Trans-Bridge Lines' Workers Compensation carrier. Trans-Bridge is proud to have dedicated and hardworking employees.
