

NEW Announcing universal pricing!

Simple. Consistent. Flexible.

We've streamlined our fare system to make travel easier, more predictable, and more convenient!

With universal fares, all PA stops now share the same fare to New York's Port Authority, Wall Street, and Newark Airport.

Similarly, all NJ stops have one consistent fare to these destinations. **There is one exception for Lambertville, which is directly across the bridge from our New Hope, PA stop and therefore follows the PA fare.**

This simplified system applies to: One-Way and Round-Trip fares for

adults and children, and Reduced Fares for seniors, military personnel, and passengers with disabilities

Universal fares for Commuter Passes are currently being implemented and will be available in the coming months as part of this transition.

Once universal Commuter Pass fares are fully implemented, regular travelers will be able to cross-book tickets between alternate stop locations within their state, providing greater flexibility and control over their schedules.

We thank our commuters for their patience as we complete this important update to our fare structure.

March Commuter Fares >>

Newark Airport Zone Change for Terminal A

Our pickup zone at Newark Airport's Terminal A has been reassigned to **Zone 16**. We previously picked up at Zone 17.

Please note zone signage when arriving at our pickup area on the HOV Roadway of Terminal A to ensure you are in the correct location.

Staying Connected During Inclement Weather

When severe weather of any kind impacts service, we act quickly to communicate accurate, timely information across multiple platforms.

We are mandated to follow road restriction in place by the Departments of Transportation of Pennsylvania, New York, and New Jersey. Their directives can come at any time and we must act swiftly and efficiently.

Service updates are posted on all official social media channels, including **Facebook, X, LinkedIn, and Instagram**. In addition, detailed updates are

published on the **Alerts page** of our website to ensure passengers have a centralized source for the latest information. Our X feed is visible on this page for those who don't utilize social media platforms.

For customers directly affected by service disruptions, email notifications are sent to:

- Passengers booked on impacted schedules and who have provided an email address
- Subscribers who have signed up to receive service alerts and notifications

These communications include schedule changes, cancellations, delays, and any operational adjustments as conditions evolve.

Ticket Resolutions

Passengers requiring assistance with affected tickets may contact our Customer Service Department at 610-868-6001, Monday through Friday, 8 a.m. to 5 p.m.

You may also email complete details — including your order number and travel information — to **webmaster@transbridgelines.com** for review and resolution.

We remain committed to keeping our passengers informed and supported during weather-related events and other service emergencies.

Schedule Changes

Effective Monday, March 9, there will be minor time changes on some of our scheduled runs.

Please look for these changes to be updated on our website's **Schedules page** soon.

Clear Communication is a Two-Way Street

At Trans-Bridge Lines, our Customer Service team is committed to resolving questions and concerns as efficiently and accurately as possible. Whether you're inquiring about a ticket, requesting a refund, modifying a reservation, or seeking clarification on a recent trip, having the right information readily available streamlines the process.

To help us assist you promptly, please be prepared to provide the following details when calling or writing to our Customer Service Department:

1. Account Number

If you have an online account, your number allows our representatives to quickly access your purchase history and reservation details.

2. Order Number

Your order number is the most direct way for us to locate a specific transaction. This number can be found in your confirmation email or receipt.

3. Name the Ticket(s) were Purchased Under

Tickets can be located under the exact name used at the time of purchase. Even small variations (such as a nickname versus a full legal name) can delay retrieval.

4. Form of Payment Used

Please indicate whether the ticket was purchased using a credit card (and the last four digits if possible), debit card, Commuter Pass, gift card, or another method. This is especially important for adjustment requests.

Why This Information Matters

Providing these details at the outset allows our team to:

- ✓ Quickly locate your reservation
- ✓ Verify account ownership securely
- ✓ Review status and travel history
- ✓ Process changes efficiently

Without this information, additional follow-up may be required, which can delay resolution.

Our goal is to deliver timely, professional service while ensuring accuracy for every passenger. By providing these key details, you help us serve you better and as smoothly as possible.

Your Group, Your Journey: Charter with Us!

We offer charter services for weddings, corporate events, church groups, schools, and organizations. Trips can be one-day or overnight and include sporting events, shows, Atlantic City trips, and city tours. We can provide transportation only or plan your entire trip, including lodging, meals, shows,

and attractions — customized to your group's needs!

Our modern and comfortable air-conditioned coaches feature WiFi, USB and standard outlets, window shades, and microphone for keeping passengers informed while in route.

Celebrating Camille JeBran

108

Trans-Bridge Lines proudly celebrated a remarkable milestone on January 26, as family matriarch **Camille JeBran** marked her **108th birthday!**

Camille is daughter of A.J. Ferraro, Trans-Bridge Lines founder, and mother of Tom JeBran, President; Jim JeBran, Executive Vice President and Treasurer; Janet JeBran, General Manager of affiliate company, Trans-Bridge Tours; and grandmother to Lauren JeBran Helgerson, Controller.

Her enduring commitment and lasting impact reflect the strong family values that continue to guide and define Trans-Bridge Lines today.

Can I add a guest purchase to my account?

Yes, you can add a guest's purchase to your account by following these steps:

- Log in to your Trans-Bridge Lines account
- Click on the **My Trips tab** at the top of the screen
- Select **Add Trip**.
- Enter the required order details:
Order Number
Email Address
Buyer/Passenger Last Name

Once the trip is successfully located, it will appear under your **Upcoming Trips tab**, and a confirmation email will be sent to the email address associated with your account.

American Heart Month is a time to focus on cardiovascular wellness and the everyday choices that protect one of the body's most vital organs. Heart disease remains a leading cause of death in the United States, but many risk factors are manageable with informed, consistent habits.

The heart works continuously to circulate oxygen and nutrients throughout the body. Over time, factors such as high blood pressure, elevated cholesterol, diabetes, smoking, chronic stress, and physical inactivity can strain this system and increase the likelihood of cardiovascular disease.

Improving heart health does not require drastic measures. Small, sustainable actions can make a measurable difference:

♥ **Move regularly.** Aim for at least 150 minutes of moderate physical activity each week, such as brisk walking.

♥ **Choose balanced nutrition.** Emphasize fruits, vegetables, whole grains, lean proteins, and healthy fats while limiting processed foods and excess sodium.

♥ **Know your numbers.** Monitor blood pressure, cholesterol levels, and blood glucose as recommended by your healthcare provider.

♥ **Manage stress.** Chronic stress can affect heart rhythm and blood pressure. Mindfulness, adequate sleep, and relaxation can help.

♥ **Avoid tobacco.** Smoking damages blood vessels and significantly increases cardiovascular risk.

Heart health is about preventing disease, but also about supporting energy, longevity, and quality of life.
